

Sappa Valley Tech

Local Technology Solutions for the High Plains

Norcatour, KS · 785-871-6400 · sappavalleytech.com

Smart Technology. Installed on Your Property.

Local AI that works entirely offline — no cloud, no subscription, no data leaving your gate.

SVT AI Station

\$3,199

one-time price — includes installation

WHAT IT DOES

- Runs on your property — no Internet required
- Private: your data never leaves your network
- No cloud. No subscription. No monthly fees.
- Access from any device on your local network
- Understands text, questions, and images
- 256K context window — handles long documents

FARM & RANCH USE CASES

- Identify crop disease or stress from a photo
- Fertilizer recs by soil type & crop stage
- Differential diagnosis for a sick cow
- USDA treatment guidelines — no PDF sifting
- Draft lease agreements, grazing plans, logs
- Chemical compatibility & application rates
- Troubleshoot equipment at 10 PM — no dealer
